Dear Kathy,

Thanks for the fax, I wasn't in the office that day so I got the fax too late to phone you at the number in Vienna.

I find your suggestions very good and think, that that's exactly, what we wanted. Herwig and Max are on vacation right now, but will be back soon. I will talk to them about it and as soon as possible we will apply for money to the ministry for it. I'm sure we will get it, because it's really reasonable and necessary.

Unfortunately the Berlin-Projekt is not so sure anymore. They (Akademie in Berlin) failed to get money for us yet. So we gave them a deadline until which we want their definite acceptance. Because without money or with having to find all the money ourselves we think it's ridiculous to do it. One of them will come to Vienna next week to talk to Minister Scholten and so on.

But anyway we think it is important to continue these meetings and to develop a project that way, that we present in Berlin (maybe later) or in Sydney.

Good to hear, that you will be in Vienna more often now. Please let us know, when you are back, so we can talk about everything.

Regards also to Wolf-Dieter

Christine
