Dear Christoph,

Thanks for the invitation. I would be very happy to attend the event, show "WAX", and describe my relation with networking and telecommunications culture. One reason I called the other day was that I noticed I was actually listed in the project description as part of a panel in April, so just wanted to confirm that the date you gave me, March 4-7, was correct.

Several questions:

First, would be able to provide either an honorarium or a stipend, so that I will at the very least be able to break even on the trip?

Second, will you require a *English* PAL copy of "WAX", or will it be possible to bring it in NTSC? As for language: I think that I can get a German language version from ZDF, but this is not sure at the moment.

Thirdly, you could describe the context of the presentation a bit for me in English? My apologies, but I cannot read German. For instance, I do not know the "On-line" symposium. What are the specifics of the picture phone link? Will you require a printed version of my remarks, for some sort of proceedings? *-Yes, ev. p.*

I would very much appreciate it if you gave me a prompt reply, to at least the first question. I would like to make several visits while I am in Europe, which will be much easier if I am completely sure about the date.

Thanks again!

Sincerely,

David Blair

- We only can pay flight when unknown the date for flying back, this also be from Vienna!
