DEAR CHRISTOPH,

THIS IS PAGE 2 OF MY FAX OF 5/1.2.93.

1. NO I HAVE NOT SENT AN INVOICE TO ROBERT FLECK. IT'S OK. REGARDING EXPENSES. I INCLUDED THEM AS I THOUGHT YOU'D BEEN FUNDED TO \$2000.00 FOR ME. YES WULAN CLEAR THAT UP LATER.
2. WE ARRIVE 23.2.93. 7.25 AM. THAI AIRWAYS. FLIGHT TG. 966. VIENNA VIA BANGKOK.

As far as a paper is concerned for Binary Windows, I think I will do something around installation strategies and the architectonic. It's probably not such a good idea for me to give a paper on the research in Europe as its kind of "taking coals to Newcastle". I must admit I have hesitations about the installations paper as it seems that UNITAN is much more "TISEA" oriented. Anyway I mention these things for your consideration and await your advice. I will confere with you further before anything is finalized and inserted in the program.

I have sent this to your personal fax as I have not been able to get through on the UNITAN fax number for the last 3 hours.

You didn't mention that Mike would be in Vienna (!) It will be good to see him if he is there before he is scheduled to talk on 5.3.93.

My account if you are able to deposit airfare is:
