Dear Mike Stubbs,

I hope you remember me talking to you in Den Haag and Győr. And as you know, we are working as HILUS on organising an independent "MediaArt-Lab" in Vienna. 1993 we will realise a 3 Month project in Vienna, in which we invite Artists to present their work.

It will be a 3 Month platform with Discussions, Lectures, Performances, Symposium and Presentations from Young Artists and Theorists followed by a special Issue from the two Austrian Media-art Magazines Eikon and Medien.Kunst.Passagen.

We would like to invite you for a Presentation/Lecture about your involvement in Full-Time based arts, and of course, your own work.

Date: 4.-7. March. 1993

Place: Vienna/Austria

We can offer you Flight and accommodation, also Sony Beamer, Monitors, Slide Projector etc. for your Lecture and work.

I hope our very short planning Time still allows you to come ! If possible give me a short call/fax and your Fax number.

Merry X-mas and Happy New Year !

Regards!

Christoph Nebel, Vienna
